REVERSO Tilt Top Table Frames

Retail Price List 2026 Frames Only

REVERSO Tilt Top Frames

Ideal for the office, training, conference, leisure or education

REVERSO Tilt Top Frames

Ideal for the office, training, conference, leisure or education

Product Overview

- * **REVERSO** is a versatile, multi-purpose tilt top table frame ideal for use in meeting rooms, dining rooms, libraries and education facilities where flexible work space is required.

Elegant lines and robust construction are combined to form an aesthetically pleasing design that is easy to

- * *use. Simple, yet positive, self-locking tilt mechanism allows **REVERSO** tables to be quickly stored in the vertical position occupying the minimum amount of space. The nesting ratio is one of the best on the market.*

- * *A range of sizes, finishes and optional accessories ensure the **REVERSO** can be tailored to virtually any application*

REVERSO Tilt Top Frames

Ideal for office, training, conference, leisure and educational

Product Design Features & Benefits

- * *Double independent locking mechanism ensures a perfectly stable worktop with a simple tilt action.*
- * *Large twin wheeled 65mm dia braked castors offer superb manoeuvrability and great stability.*
- * *Choice of frames to suit a variety of table shapes and sizes including Rectangular, Round, Square, Semi-Circular, Oval, D-End and Trapezoidal.*
- * *Available in three finishes: high-quality chrome, silver or black epoxy coating.*
- * *Optional accessories include modesty panels, inset power modules, cable management trays and integrated folding chairs.*
- * *Frames are designed to provide a finished table height of 725 mm when using a 25mm top.*
- * *Maximum nesting capability for minimum storage space.*
