VERSO Table Frames

Retail Price List 2026 Frames Only

VERSO Fixed Top Tables Frames

Product Design Features

- * Elegant 'I' Frame design available in a range of sizes.
- * Adjustable chrome foot glides are fitted as standard (castors available as an optional extra).
- * Six frame lengths and two foot sizes are available to suit a variety of table shapes -Rectangular, Circular, Semi-Circular, D-End, Trapezoidal.
- * Available in three frame finishes; high-quality polished chrome, silver or black epoxy coated.
- * Optional accessories include table linking clips, modesty panels, power modules and cable management.
- * **VERSO** frames are designed for tables with a finished height (including top) of approximately 725mm.

VERSO Fixed Top Tables Frames

Ideal for office, training, conference, leisure and education

Product Overview

- * The VERSO range is designed as a free standing, fixed-top table matching in style and construction to the popular REVERSO tilt-top range.
- * VERSO is designed with a vertical upright leg unit fixed to a central cross beam. Ultimately suitable for a variety of tabletops or worktops. The foot component is fitted with matching adjustable foot glides.
- * A range of sizes are available starting from the compact 600mm x 800mm through to the larger 800mm x 2000mm. A choice of finishes and optional accessories ensure this design can be matched to any application, or environment.
